## PROFILE

I am an undergraduate student at New York University pursuing majors in Computer Science, Data Science, and Economics interested in data science internship opportunities. My experiences working with technology and design tools have provided me with an excellent foundation in computer analytics and developed my strong problem-solving mindset. People describe me often in three ways: Determined, Diligent, Ambitious. I am confident I will be able to create and inspire change with anyone I work with at any task.

## EDUCATION

Aug 2018 — May 2022

**High School Diploma, Troy High School**

Fullerton

GPA: 4.83 (W)

Relevant Coursework: AP Computer Science Principles, AP Computer Science A, Computer Science IB SL, Computer Science IB HL 2, Design Technology IB SL, Mandarin IB SL, AP Chinese Language and Composition, AP Macroeconomics, AP Calculus AB and BC

Sep 2022 — May 2026

**Bachelor of Arts (B.A.), New York University**

Student at the College of Arts and Sciences (CAS) pursuing a joint major in Computer and Data Science along with a major in Economics

## SKILLS

Ability to Work Under Pressure	Expert	Java	Experienced
Ability to Work in a Team	Expert	Python	Experienced
Microsoft Office	Expert	JavaScript	Skillful
HTML & CSS	Expert	Data Structures	Skillful
